SUBJECT: Surveillance Activities

1. The surveillance function which in the past has been part of the Communications Division activities has been transferred to the Operational Aids Division of this Office. However, Communications personnel in the field will continue for the present to assist in the installation and maintenance of electronic surveillance equipment under the staff supervision of OAD at Headquarters.

2. In order that proper accounting for all surveillance equipment now in the field can be effected, it is requested that a complete inventory of all such equipment in the possession of, in use by, or issued by Communications personnel be forwarded to Headquarters at the earliest date.

3. It is further requested that you forward comments as to the adequacy and reliability of the operation of this equipment under operational conditions.
